Subject:

Babolna Bio S-Methoprene Technical

EPA Registration No. 70062-3

Label Amendment to add feed-through use

Application Dated: July 16, 2012

Dear Mrs. Galloway:

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(5), is acceptable provided that you:

- 1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
- 2. Submit three (3) copies of your final printed labeling before you release the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions or photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags or drum labels.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(b). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

Also, please note that if in the near future you wish to add feed through uses to an end use product (EP); you must submit an application for an amendment which includes the product label and the Confidential Statement of Formula (CSF).

Should you have any additional questions, you may contact Ms. Menyon Adams directly at 703.347.8496 or via email at <a href="mailto:adams.menyon@epa.gov">adams.menyon@epa.gov</a>.

# PRECAUTIONARY STATEMENTS CAUTION

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

May cause irritation of nose, throat, eyes and skin. Avoid contact with eyes, skin, and clothing. Wash thoroughly with soap and water after handling.

### **ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Methoprene is an insect juvenile hormone analogue with activity against insect larvae. It can be used to control species that are harmful mainly as adults (e.g. mosquitoes, flies, and fleas) or at high infestation rates (e.g. beetles, moths in stored products).

Babolna Bio S-Methoprene Technical is for use only in the formulation of Insect Growth Regulator (IGR) products for use on agricultural crops, ornamental plants and forest trees, processed or manufactured products, food or feed containers or dispensers, feed additive for use in cattle feeds, in food-handling premises, pets and domestic animals and their man-made premises, households, aquatic sites, and wide area and general indoor/outdoor treatments for commercial and industrial uses.

Products formulated from this technical material will require registration with the U.S. Environmental Protection Agency (EPA). Efficacy data will be required by the U.S. EPA for any end-use product registered for control of pests that pose a threat to human health, 5-year efficacy studies will be required by the U.S. EPA for any end-use products registered as termiticides.

One the disease to get the highest transfer of the start of the start

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store unused product in original container only in a cool, dry area out of the reach of children or animals.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into a container for mixing. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into a container for mixing or store rinsate for later use or disposal. Repeat this procedure two more times. Then dispose of in a sanitary landfill or by other approved State and local procedures. Offer for recycling, if available.

### WARRANTY AND CONDITIONS OF SALE

Bábolna Bioenvironmental Centre, Ltd., warrants that the chemical composition of this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on the label when used in accordance with label directions under normal conditions of use. To the extent consistent with applicable law, Seller makes no other warranty, express or implied, concerning the use of this product other than as indicated on the label. Buyer assumes all risk of use, storage or handling of this material contrary to label instructions.
